General Declares Such
Action Is Swiftest, Surest
Method for Peace

PROTRACTING STRUGGLE

Rebel Asserts the Embargo Is
Prolonging the Conflict and
Placing Burden on Mexico

WASHINGTON DEVELOPMENTS

TORREON, Mex., May 7.—A plea for the lifting of the embargo on arms as the safest, surest and most humanitarian method of bringing peace to Mexico was made in an interview today by General Francisco Villa, general in chief of the constitutional army.

"The embargo is protracting this struggle uselessly and is placing a burden on the whole of Mexico, which can serve no good," he said. "I hope the American government understands that the placing of the embargo is interfering seriously with the plans of the constitutionalists. See what we did in the brief time the embargo was lifted. Gomez Palacio, Torreon, San Pedro de las Colonias and even Monterey were constitutional successes due to the lifting of the embargo. Mexico must be pacified and should be pacified quickly. We can continue this struggle for better social and economic conditions in Mexico by capturing our ammunition from the enemy as we have done largely in the past, but such a method would necessarily drag the war over a long period. I believe, therefore, that every humanitarian condition argues for the lifting of the embargo. The sooner we can secure the arms and ammunition, we need, the sooner the country will be pacified and normal conditions restored. I am sure the American people will have no difficulty in understanding this."

After reviewing the aims of the constitutionalists General Villa of his attitude toward the United States and Americans in event that hostilities should ensue between the two countries:

"I wish," he said, "that you would make it clear that I am anxious for all Americans connected with industries in Mexico to return and take up their pursuits. I wish to add that the foreigners now in Mexico and those who return will have nothing to fear should it ever come to war between Mexico and the United States and I give my word that everything possible would be done by me to protect them. Should they desire to leave the country in such an event I would place enough rolling stock at their disposal to take them and all their movable property out of Mexico."

General Villa's face was serious as he made this statement, which he emphasized with vigorous gestures but as he concluded his face broke into a smile and he said:

"But why talk of war with the United States? It would be extremely foolish for two reasonable and intelligent men to fight over a drunken man and would it not be the height of folly for the United States and Mexico to come to blows over a man like Huerta? It seems to me that the entire civilized world would laugh should this come to pass."

General Villa reiterated his belief in the good will of the American people toward Mexico.

"However, there is much in sovereignty," he continued, "the Mexicans would remain Mexicans just as the Americans refer to remain Americans. For that reason we Mexicans would defend our country to the last. I take the liberty to say that before a war between the United States and Mexico would be terminated, few Mexicans would be left alive. But I am now and always have been for peace."

General Villa told of the efforts he was making in preparation for an effective campaign against Saltillo and San Luis Potosi.

The next moves in Villa's war plans, it is said, depend somewhat on the developments after the arrival of General Carranza who is expected tomorrow. Hundreds of box cars for transporting troops have been concentrated at Torreon and large stores of provisions and forage have been assembled. All available troops from the north are being brought here.

General Eugenio Aguirre Benavides has recently been appointed military chief of the Laguna district including Torreon, Gomez Palacio, San Pedro and Mapimi. General Benavides formerly was chief of the city of Torreon.

KEELEY PURCHASES TWO CHICAGO PAPERS

BUYS CHICAGO RECORD-HERALD AND
CHICAGO INTER-OCEAN

Purchaser Will at Once Serve His
Connection with the Tribune. It
Is Said, the Record Herald and In-
ter-Ocean to Be Merged and Pub-
lished as the Chicago Record-
Herald.

CHICAGO, May 7.—The Chicago Record-Herald and the Chicago Inter-Ocean were purchased today by James Keeley, general manager of the Chicago Tribune. The transfer of the papers was announced shortly after George Wheeler Hinman, holder of the majority of the Inter-Ocean bonds, had bought the Inter-Ocean for \$50,000 in a receiver's sale in the federal court.

The two papers will be merged and published as the Record-Herald. W. W. Chapin, formerly in charge of the San Francisco Call, will be associated with Mr. Keeley in the management of the papers, according to the announcement. Mr. Chapin, it was said, will manage the business affairs and Mr. Keeley the editorial departments.

Mr. Keeley, it was said, would sever his connection with the Tribune at once.

The Inter-Ocean was founded in 1865 as the Republican, with Chas. A. Dana as editor. Dana left with it in a year and after the fire in 1871, the Republican was re-organized as the Inter-Ocean with J. Young Scammon as proprietor. In 1873 Frank W. Palmer of Des Moines, Iowa, purchased the stock and became editor in chief and in 1875 a new corporation with William Penn Nixon at its head bought the property.

H. H. Kohlhaas, Chas. T. Yerkes, George Wheeler Hinman and again Mr. Kohlhaas succeeded in turn to the ownership of the paper until it was thrown into the hands of a receiver several weeks ago.

The Record-Herald is the development of combinations of three papers.

The Daily Times was founded in 1854 and four years later the Chicago Herald appeared owned by Cyrus H. McCormick. In 1860 McCormick bought the Times and consolidated the two papers as the Chicago Times Herald. A year later Wilbur F. Storey purchased the paper and name.

In 1881 Frank M. Palmer started another Herald which in 1894 was combined with the Times, which again became the Times-Herald, and was sold to Herman H. Kohlhaas. In 1901 the Times-Herald was combined with the Record, owned by Victor F. Lawson and became the Record-Herald.

Mr. Kohlhaas retained control of a majority of the stock, however, until its sale in 1902 to Frank B. Noyes, who in 1910 returned the editorship to Mr. Kohlhaas. In 1912, Mr. Lawson obtained control of the paper.

April first, Mr. Lawson notified the holders of Record-Herald bonds, valued at \$2,500,000, that on May 1st, he would turn his \$3,000,000 stock in the paper to them. A committee of bond holders was named which arranged the sale of the paper to Mr. Keeley.

Keeley Issues Statement.

The following signed statement was issued by Mr. Keeley tonight:

"The Chicago Record-Herald and the Chicago Inter-Ocean were purchased today by James Keeley. The two papers will be consolidated on Monday and will be published as the Chicago Record-Herald and Inter-Ocean."

"Mr. Keeley will be editor and Mr. W. W. Chapin, recently publisher of the Seattle Post-Intelligencer and the San Francisco Call, will be publisher."

"The Record-Herald and Inter-Ocean were purchased free of all debts and obligations of every kind. It will work for the upbuilding—physically, commercially, morally—of the city in which it has its home and in national affairs will strive to uphold the hands of those who are laboring for the welfare of the people as a whole. Cleanliness and accuracy, in as far as it is humanly possible, will control its news and advertising columns and sanity will be the governing factor in the editorial treatment of affairs."

"The publication offices of the combined papers after Monday will be the present West Washington street location of the Record-Herald."

NAVAL APPROPRIATION BILL PASSES HOUSE

PROVIDES FOR ADMINISTRATION
NAVAL CONSTRUCTION PROGRAM

Measure Carries Appropriation of
\$139,560,334 and is Passed With-
out a Roll Call—Vigorous Opposi-
tion to Repeal Bill is Voiced in
the Senate.

THURSDAY IN CONGRESS.

House.

Met at noon.

Debate on naval appropriation bill resumed.

Inter-state commerce commission favorably reported bill to control railroad issues of stocks and bonds.

Adopted Heflin resolution designating the second Sunday in May as "Mother's Day."

Rules committee reported special rule for expediting senate bill providing temporary method of conducting nomination and election of United States senators.

Representative Hay of Virginia introduced joint resolution authorizing the president to detail Lieut. Frederick Mears of the army to service in locating and constructing the Alaskan railway.

George Otis Smith, director of geological survey, advocated federal ownership of water power rights before public lands committee.

Passed annual appropriation naval bill carrying \$139,560,334. Annual pension appropriation bill carrying \$169,150,000 reported to the taken up for passage immediately.

Adjourned at 6:25 p. m., until noon Friday.

Senate.

Met at noon.

Resumed toll exemption repeal debate, Senator O'Gorman opposing the bill.

Senator Chamberlain introduced bill authorizing president to recruit the army above 100,000 limitation.

Passed bill authorizing the president to appoint a commission to codify and suggest amendments to general mining laws.

Adjourned at 5:10 p. m., to noon tomorrow.

WASHINGTON, May 7.—The annual naval appropriation bill carrying \$139,560,334 and providing for the entire administration naval construction program was passed by the house today without a roll call. The building program includes two battleships, one to be built in some government yard; six torpedo boat destroyers, one sea-going torpedo boat, three coast defense submarine torpedo boats, to be constructed on the Pacific coast and four submarines.

The "little navy" men made their stand against two battleships on a motion to send the bill back to the committee which was defeated 201 to 106.

Vigorous Opposition Voiced.

Opposition to the bill for the repeal of the tolls exemption clause of the Panama canal act was voiced in the senate today in vigorous speeches by Senators O'Gorman and Bristow. Senator O'Gorman, chairman of the senate inter-oceanic canal committee and leader of the opposition based his protest on economic, legal and political grounds. Senator Bristow said that he opposed a bill which would benefit England more than any other nation and declared that England had been enemy of the United States in every hour of need since the revolution. With these two speeches out of the way and others announced for tomorrow and Saturday the debate on the repeal bill may be completed next week.

Many senators are yet to be heard but Democratic leaders are anxious to finish with the tolls issues as soon as possible and it is the intention to have senators who wish to speak, make their arguments and then demand a vote.

Senator Works today added another amendment to the many already proposed for the perfection of the repeal bill. The amendment would provide that the United States by repealing the tolls exemption provision waives no right over the canal and is similar to the amendment proposed by Senator Simmons, the leader of the forces back of the bill.

Call Party Caucus For Tuesday.

Democratic leaders in the house anxious to get congress out of Washington by July 10th, today called a party caucus for Tuesday through which they hope to expedite consideration and passage of the anti-trust bills on the administration program. The caucus will determine the length of time the measure shall be debated in the house and in compliance with its decision the rules committee will frame an order under which the debate will proceed. Predictions as to the time to be given Democrats, Republicans and Progressives varied tonight, but it is probable that the bill will be put to a vote within the next two weeks.

SALOONS OUT OF BUSINESS.

Bloomington, Ills., May 7.—At midnight tonight, seventy-eight saloons in this city went out of business of selling intoxicating liquor. The trade tonight was enormous. Tomorrow most of the places will open as soft drink establishments with lunch rooms annexed.

ELEANOR WILSON BECOMES BRIDE OF SECY. M'ADOO

Youngest Daughter of
President and Mrs. Wil-
son Weds Cabinet Officer

CEREMONY A SIMPLE ONE

The Ceremony in Blue Room Is
Quiet Affair Compared to Wed-
ding Last November

LEAVE FOR SHORT HONEYMOON

WASHINGTON, May 7.—Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson, became the bride tonight of William Gibbs McAdoo, the secretary of the treasury, in the historic blue room of the white house.

Less than a hundred persons and only a few officials—heard the low toned voice of Rev. Sylvester W. Beach, pastor of the First Presbyterian church of Princeton, N. J., where the Wilson family has worshipped for years, as he united the distinguished pair in marriage.

It was a brief, simple ceremony, the radiant faces of the bride couple reflecting the happiness of the hour.

For the President and Mrs. Wilson it was a touching moment as they gave away a daughter for the second time in a year. Around them stood their relatives and friends—a small group—for it was a family affair, though the historic interior of the white house with its masses of lilies and ferns, the uniformed aides and the members of the cabinet and the vice-president preserved for the function an official effect.

In Contrast to November Affair.

It was in contrast nevertheless, to the wedding of last November. There were no uniformed diplomats, no members of the senate or house or the supreme court. This was the wish of both Mr. McAdoo and Miss Wilson carried out to the letter and except for an afternoon of gaiety among the young folks with the busy anticipation that always precedes a wedding, the day and evening moved by quietly and quickly.

The ceremony started at 6 o'clock sharp and lasted only fifteen minutes. The reception was brief, the wedding supper was followed by a brief dance and at 8 o'clock the couple had left, all the wedding guests had departed and the white house resumed its normal appearance. All day long there had been busy preparations but official Washington and the society of the national capital had no part in the affair. Most of the guests were intimate friends of the family from other cities. Secretary McAdoo gave a luncheon to his colleagues in the cabinet attended also by Dr. Cary T. Grayson, U. S. N., his best man, Secretary Tumulty and Vice-president Marshall. The president and Mrs. Wilson motored with their three daughters.

Scene of Great Beauty.

The white house was a scene of beauty indoors and out. The sunset of a spring evening, tinting a cloudless sky, the sparkling fountain and new green foliage, the rose bushes in blossom and the Italian Gardens gave the wedding guests a picture of rare beauty as they entered.

Within all was splendor—palms, lilies, ferns, roses, the soft light of the blue room, the red-coated Marine band, the historic portraits of presidents of the United States and the luxurious furnishings of the parlors, the state dining room and main corridor—this was the setting when the wedding hour arrived.

The guests were grouped in a semi-circle. There was a hush as the clergyman entered from the main corridor and ascended the altar with his priesthood covered with white satin in the south bay window of the blue room.

The marine band struck up the wedding march.

Miss Sallie McAdoo, 10 year old daughter of the secretary, led the procession as a flower girl, followed by Mrs. Francis Bowes Sayre, sister of the bride and matron of honor. Miss Nancy Lane, 12 years old, another flower girl, daughter of the secretary of the interior, directly preceded the bride who was escorted by the president. The groom, with Dr. Cary Travers Grayson, U. S. N., best man, who was attired in full dress uniform met the bride at the altar. The Presbyterian single ring service was used with the characteristic words "Love, honor and obey."

As the president gave the bride away there was an affectionate smile on his face. He stepped back from the altar beside Mrs. Wilson and as the words of the service were read, their faces were gravely solemn. The bride and groom repeated the service unflinchingly and did not appear in the least nervous. They smiled happily as they led the procession from the altar to the red room where they received the congratulations of the guests.

Supper was served at small tables

Following their quiet wedding in the white house last evening, William G. McAdoo, secretary of treasury, and his bride, who was Miss Eleanor R. Wilson, youngest daughter of the president, left on their brief honeymoon. They will return to Washington in two weeks. TERRE HAUTE MAYOR IS FOUND NOT GUILTY

MAYOR DON M. ROBERTS EXONER-
ATED OF ELECTION FRAUD CHARGES

Verdict of "Not Guilty" Concludes
Trial Bitterly Contested Which
Has Been Under Way for Six
Weeks.

TERRE HAUTE, Ind., May 7.—Mayor Don M. Roberts, charged with conspiracy to corrupt elections was found not guilty by a jury in the circuit court here tonight.

The case was given to the jury late tonight, after opposing counsel had devoted four days to arguments. Judge Charles M. Fortune, waited in the court room and heard the verdict. Mayor Roberts and sixteen other city officials and former officials were indicted about three months ago on charges of having committed election frauds. The trial of the mayor was the second to be called, William Huffman, a city official having been found guilty and sentenced to service three to ten years in the state penitentiary last March.

It was alleged that Mayor Roberts had hired repeaters to vote at the city election last November and the registration here last October. The trial has been under way for six weeks and was bitterly contested.

Mayor Roberts took the stand and denied that he had ever hired a repeater or in any way sought to corrupt an election.

DECATUR SALOONS CLOSED.

Decatur, Ills., May 7.—Fifty-seven saloons closed their doors at 11:30 o'clock tonight to remain closed for two years, unless the supreme court declares the woman's vote illegal. All saloons did a rushing business during the closing hours but there were no unusual disturbances. Several of the saloon-keepers will hold the lease on their places of court reports in June.

In the state dining room, while the marine band played, the bride cut the wedding cake with Dr. Grayson's sword, the young folks had a dance in the blue room and in an unsuspecting moment Mr. and Mrs. McAdoo slipped into a waiting automobile and motored rapidly down Executive avenue. They will be away on their honeymoon for about two weeks and will not go abroad, as has been reported. The secretary expects to keep in close touch with the work of his office.

MAY CROP REPORT OF DEPARTMENT OF AGRICULTURE

Shows Condition of Winter
Wheat in Illinois to Be
97 Per Cent Normal

AVERAGE CONDITION 95.9

Average Condition of Winter
Wheat Was 95.9 Per Cent Compared
with 85.5 the 10 Yr. Average

PASTURES AVERAGE 88.3 PCT.

WASHINGTON, May 7.—The first official estimate of the size of the crop of winter wheat was made today in the May crop report of the Crop Reporting Board, United States Department of Agriculture, issued at 2:15 p. m. The report shows the condition on May 1 of winter wheat, rye, meadow lands and pastures; the acreage of winter wheat to be harvested, the estimated outturn of the winter wheat crop and the stocks of may on farms May 1. The figures are:

WINTER WHEAT—The average condition of winter wheat on May 1 was 95.9 per cent of a normal; compared with 95.6 per cent on April 1; 91.9 per cent on May 1, 1913, and 85.5 percent the average for the past ten years on May 1.

The area of winter wheat remaining on May 1 to be harvested was about 35,877,000 acres, or 1,119,000 acres less than the area planted last autumn, but 3,688,000 acres more than the area harvested last year, (31,699,000 acres.)

The condition on May 1, is indicative of a yield per acre of approximately 17.8 bushels, assuming average variations to prevail thereafter. On the estimated area to be harvested this would produce a final crop of 630,000,000 bushels, compared with 523,561,000 bushels harvested in 1913; 399,919,000 bushels in 1912; 430,656,000 bushels in 1911 and 431,142,900 in 1910. The outturn of the crop probably will be above or below the figures here given according to whether the condition from May 1 to time of harvest is above or below the average change.

RYE—The condition of rye on May 1 was 93.4 per cent of a normal, compared with 91.3 per cent on April 1; 91.0 per cent on May 1, 1913, and 89.1 per cent the average for the past ten years on May 1.

MEADOW, OR HAY, LANDS—The average condition of meadow, or hay, lands on May 1 was 90.9 per cent of a normal, compared with 88.5 per cent on May 1, 1913, and a ten year average on May 1 of 88.1 per cent.

HAY ON FARMS—The stocks of hay on farms on May 1 were estimated to be 7,822,000 tons, compared with 10,829,000 tons on May 1, 1913, and 4,747,000 tons on May 1, 1912.

PASTURE—The average condition of pastures on May 1, was 88.3 per cent of a normal, compared with 87.1 per cent on May 1, 1913, and a ten years average on May 1 of 85.6 per cent.

SPRING PLOWING—Of spring plowing 70.9 per cent was completed up to May 1, compared with 67.2 per cent on May 1, 1913, and a ten years average on May 1 of 66.6 per cent.

SPRING PLANTING—Of spring planting 56.4 per cent was completed up to May 1, compared with 57.9 per cent on May 1, 1913, and a six year average on May 1 of 54.6 per cent.

Details of acreage remaining to be harvested. Condition on May 1 with comparisons, and estimates of production with production for 1913, of winter wheat by states follow:

CITY PUBLISHES FINANCIAL STATEMENT EACH MONTH

Law Requires That Figures Shall Be Presented in Pamphlet Form—Summary of Council Meetings Also Given.

In accordance with the commission form of government law the city council publishes each month in pamphlet form proceedings of the council together with a somewhat detailed statement of receipts and disbursements. The law requires that copies of the pamphlet shall be sent to the state library, the city library and to all daily and weekly papers of general circulation in the city, and that a copy shall be supplied to any citizen who may ask for one.

As a matter of fact very few citizens ever see a pamphlet as it does not occur to them to go to the city hall and ask for a copy and the newspapers have not been in the habit of publishing the pamphlet contents.

At the suggestion of a well known citizen who said yesterday that during the three years of the operation of the commission form of government here he had never seen a financial statement, the following report from the pamphlet issued in April is given. The report for May has not been published. In addition to the figures quoted the pamphlet gives a summary of council meetings and the balances in the various local improvement funds.

MITCHELL HOTEL BUILDING BOUGHT BY WILLIAM NUNES

Will Remove It Within Thirty Days—Rumor Revived That C. P. & St. L. Will Use the Ground Vacated.

William Nunes yesterday purchased from George Imgrund who was acting for the C. P. & St. L., the old Mitchell hotel property at the corner of East North street and Illinois avenue. The building which was long used for hotel purposes has been unoccupied for several years and the road decided to sell it and make use of the ground for other purposes. Mr. Nunes said last night that he had thirty days in which to remove the building and that he was expecting to get a large amount of lumber out of it. There are between thirty and forty rooms in the building and while it was erected long ago the lumber was of good quality and has stood the passage of time well.

The removal of the building will revive the rumor that the C. P. & St. L. freight house is to be removed from the east side of the tracks to the west. The buildings just across the street south from the old hotel property belong to the Burlington.

BIDS FOR HARDWARE.
The Board of Education hereby asks for bids supplying the hardware needed for the eighth grade building. Plans and specifications showing the requirements are now on file at the office of the architect, C. W. Buckingham, 225 1-2 East State street.

R. L. Pyatt, clerk.

WIRELESS IN TOUCH WITH COAST LAST NIGHT

Paul Spaulding was at the key of the local wireless station last night and succeeded in getting in touch with Key West, Florida and Long Island. The static conditions were bad and it was with difficulty that the messages from the Great Lakes were deciphered. Some of the high school faculty and students witnessed the work of the operator last night.

A new case for the top of the wireless station has been secured, which will prevent outsiders from tampering with the apparatus.

A Great Stable This

Our stable of stallions is one in which we can justly take a large amount of pride. In offering them to the farmers and stockmen of this and adjoining counties we know that they cannot fail to be pleased with the individual quality of the animals. The speed and draft stallions alike have great records and each one represents the best which breeding can bring.

Don Hal—Line On—Quo Vadis—Prince Bob—Are Great Stallion Names.

These with Sampson Davis, the largest Jack in Morgan county are this season maintaining the prestige of Diamond Grove Stock Farm.

MEN AT WASHINGTON BELIEVE WAR WITH MEXICO WILL COME

Mr. Thomas Worthington Found That Sentiment on Recent Visit in Washington—Went to National Capital to Present Mississippi River Drainage Matters.

That war at some time with Mexico is inevitable, seems to be the prevalent opinion at Washington, D. C., according to Thomas Worthington who returned from a business trip to the national capital Thursday. Of a number whom Mr. Worthington interviewed upon the subject, none appeared hopeful although none would claim to speak with authority. The best informed men at Washington assert that they fail to see a solution without resort to arms.

Mr. Worthington was in Washington on business connected with the extension of the jurisdiction of the Mississippi River Commission. The commission has jurisdiction at present only as far north as the mouth of the Ohio river and steps are being taken to allow it to have supervision of all river matters as far north as Rock Island.

Mr. Worthington on this trip to Washington went particularly to appear before the commerce committee of the senate. Earlier in the year he spent a number of days in Washington, and along with Speaker Clark and Congressman Rainey appeared before the congressional committee on Rivers and Harbors. His statement before this committee occupies the larger part of the printed report of the hearings, recently published. Mr. Worthington in this matter represents the Sny Levee district particularly. He is properly accounted an authority in drainage matters and has been familiar with the Sny district since its organization and has been identified with all the important legal contests connected with the big district.

It is also true that Mr. Worthington was associated with some of the gentlemen who prepared the constitutional amendment of 1878 under which the whole levee and drainage system of the country has grown up. He was also associated with those gentlemen who prepared the act of 1879 under that constitutional amendment which has formed the basis of all drainage and levee acts from that time forward.

MISSIONARY FROM LAHORE IS HEARD ON INDIAN WOMANHOOD

Semi-Annual Meeting of the Missionary Union was held Thursday afternoon in the Sunday school room of Grace M. E. church and an address was given by Mrs. D. J. Fleming of Lahore, India, on Christianity and the Indian woman. The meeting was opened by the singing of the hymn, "Love Divine" and the devotional service in charge of Mrs. R. R. Stevenson of Westminster Presbyterian church. The report from the treasurer, Mrs. A. P. Vasoncellos, was presented and the roll call and secretary's report was given by Mrs. H. D. French of State street church. The I. W. C. quartet sang "Hear Us O Father," after which Mrs. Fleming spoke. The program was concluded by a violin solo by Miss Minnie Hoffman, accompanied by Miss Grace Hoffman. Mrs. T. P. Carter of the Congregational church presided.

The men of India are realizing that upon the elevation of the womanhood depends the welfare of their country, said Mrs. Fleming. "The women themselves are the greatest hindrance to progress. They cling to custom as everywhere live in fear of 'what people will say.' But there is a brighter day coming. Christianity is bringing a solution and even now the more advanced are throwing off the yoke of mental and spiritual bondage for light and freedom."

Miss Olive M. Blunt announced in the course of the meeting that she would receive contributions for the famine sufferers of Japan.

??? ARE YOU AWARE
IF YOU SHOULD DIE WITHOUT A WILL

That your real estate might be tied up so that none of it could be improved, sold or even advantageously leased, without expensive litigation, until your youngest heir became of age?

That if any part of your estate, real or personal, should descend to an infant or incompetent, it could not be sold or divided without administration or perhaps special legal proceedings?

That even if all your heirs were of age, a partition suit might be necessary to determine the rights of your heirs, that in connection with such suit there might be trials, appeals and retrials, entailing heavy expense, all of which would be paid out of your estate in addition to the fees of the administrator, etc?

That an administrator would have to sell your personal property, that he would have no discretion in the premises, no matter how great the sacrifice?

Who but yourself would be to blame if your estate should be tied up and perhaps litigated?

A will properly drawn will protect your heirs and your estate.
Make a will and name this company as executor and trustee.

VILLA PLEADS FOR THE LIFTING OF THE EMBARGO ON ARMS

(Continued From Page One.)

tent eclipsed all other events in the attention of official Washington.

The two chief reports from the distraught interior of Mexico announced the killing of two British subjects and one American at Guadaluajara, and the continued heavy fighting at Mazatlan, on the Pacific coast where a rebel biplane executed a spectacular exploit of dropping a bomb which killed four persons and injured eight in the streets of the besieged city. The state department also was informed by Consul Hamm at Durango that the movement of the constitutionalist forces had now begun southward against Saltillo and Zacatecas.

The envoys from Argentina, Brazil and Chile continued their sessions which are now largely by way of preparation for the meeting at Niagara Falls on May 18th. One important phase of their work developed during the day. This was that, despite Carranza's self-elimination from the conference, the constitutionalist side of the Mexican problem would be fully considered by the mediators in the plan to be formulated by them at the coming conference.

President Wilson and Secretary Bryan have determined to appoint as delegates to the mediation conference, men of judicial ability and if possible, familiar with the proceedings of arbitral tribunals.

WEYERHAEUSER'S ESTATE VALUED AT ONLY \$875,000

ST. PAUL, Minn., May 7.—In a petition for the proving of Frederick Weyerhaeuser's will, filed with the testament in the office of Probate Judge Bazille today, an approximate value of only \$875,000 is put on the estate of the St. Paul lumberman, who died at Pasadena, Calif., April 4th. He was reputed to have been one of the wealthiest men in the nation.

According to the meagre description of the holdings given in the petition the property is divided into personal property valued at \$800,000 and city real estate worth \$75,000.

The will, which was believed to have been lost, according to reports was signed by Weyerhaeuser on October 12th, 1911. It left all the property to the widow, but as a result of her death prior to his demise, the entire property reverts to the seven children.

DIDIER MASSON DROPS BOMBS FROM AIRSHIP

Federal Gunboat Morelos is Disabled By Bombs Dropped by Aviator.

San Diego, Cal., May 7.—Lying half submerged on the beach near Mazatlan is the federal Gunboat Morelos disabled first by bombs dropped by a rebel aviator believed to be Didier Masson and then subjected to a severe fire from insurgent field pieces, according to passengers who arrived here today on the Mexican Steamer Benito Juarez. The gunboat was wrecked during a brisk battle April 26 when the rebels were given great assistance by the aviator and his deadly bombs.

Colonel Romero, one of the constitutionalist leaders in the state of Sonora, arrived on the Benito Juarez. His mission is to purchase a boiler for the rebel Gunboat Tampico, which was hulled in three pieces during the recent engagement with Guerrero and Morelos, according to Romero.

Romero declared the rebels are planning a simultaneous attack against Salina Cruz, Acapulco and other west coast cities held by the federals, in order to acquire as much territory as possible during the meeting of the South American mediators on May 18th.

MUST COMPLY WITH LAW.

Springfield, Ill., May 7.—Late this afternoon after a lengthy hearing, the state utility commission ordered that all steam railroads must comply by July 1st with the new electric headlight law requiring a light for passenger engines making an object distinguishable eight hundred feet away and four hundred and fifty feet for freight engines. Railroad employees' organizations petitioned for enforcement of the law. The commission says it will not be concerned about the action the United States supreme court takes in the pending Georgia headlight case, as the Illinois order applies to intra-state traffic.

VIOLATION OF LIQUOR LAW

Wheaton, Ill., May 7.—The Aurora, Elgin & Chicago Electric road was found guilty today of violating the state law prohibiting the sale of liquor on trains. No defense to the charge was made in the county court and the road was found guilty on ten counts.

GAME CALLED OFF.

Indianapolis, Ind., May 7.—The opening game of the series between Baltimore and Indianapolis was called off today because of rain which stopped the play in the fifth. Neither team had scored.

SALOONS ARE CLOSED.

Ottawa, Ill., May 7.—Thirty seven saloons voted out of existence in the election of April 7th, closed tonight, in Earlville, Marseilles, Seneca, Cedar Point, Rutland and Dana.

Should Senator Bradley of Kentucky decide to be a candidate for renomination at the hands of Kentucky Republicans in the coming primary he probably will have no opposition in his own party. The lack of Republican aspirants for the toga is due to the general feeling that the next United States senator from the Blue Grass state is certain to be a Democrat.

Republicans of the state of Washington will meet in convention in Tacoma next month to adopt a state platform and consider plans preliminary to the state campaign which is to be held this year.

Car or Super-Car

That is the chief question men have to decide in buying a car to keep.

It overshadows everything else.

Almost any car is fit for normal service. There are very few cars which won't demonstrate well, or even run well for a season.

Then is it worth while to build or to buy a super-car like this Reo the Fifth?

Listen to our side of that question.

AFTER 27 YEARS

Mr. R. E. Olds, after 27 years of car building, says that all these extremes are essential. Not for normal conditions, not for one season service. But to meet shocks and strains—to withstand years of wear—to save troubles, repairs and upkeep, a car must be built like this.

And no man in the world knows better about that than Mr. R. E. Olds.

WHAT WE REQUIRE

We have for years kept test cars on the road. Relays of drivers run them night and day at high speed on rough roads. After 10,000 miles of this reckless driving we take

the car apart and inspect it. We require every part to endure that rough service. And every driving part, after 10,000 miles, must remain almost like new. Every formula, test and specification is based on these requirements.

To insure this, all steel is made to formula and each lot is analyzed twice. Gears are tested in a crushing machine for 75,000 pounds per tooth. Springs are tested for 100,000 vibrations. Engines are put to five radical tests, then taken apart and inspected.

Then we require a big margin of safety. All driving parts in this 35-horsepower car must meet the usual tests required for a 50-horsepower engine.

IT STAYS NEW.

The result is a car that stays new. It doesn't grow noisy, doesn't show wear and doesn't give trouble. After years of use, with proper care, the car will run like new. It has strength enough for shocks. It has power enough for hills. There is no clashing of gears to wreck the transmission. There are no flaws, no weaknesses. Every part has vast over-capacity. A car built like this will save the average user hundreds of dollars in repairs and upkeep.

FIFTY YEARS AGO TODAY

School children (and the grown-ups) will undoubtedly take notice of a gentleman walking from his residence on West North street toward the business section of the city this morning after he has had his breakfast and has digested the news of the day in the Journal. And as the shades of night begin to gather he will be observed wending his way homeward. He is a sprightly old gentleman, far on the sear side of 70 years of age. Today his step will be more elastic than it has been for a number of years. His black Alphee hat will receive an extraordinary

GEORGE FAUL

brushing, and his boutonniere will be as fresh as the morning dew. In short, he will be the proudest man in Jacksonville this 8th day of May, 1914, the fiftieth anniversary of one of the most important epochs of his life. And well may the old comrade feel proud, as the document offered in evidence in this article will prove. The relic is in a good state of preservation, and the possessor handles it as fondly as if he were conveying a "choice" cigar to his friend, Herman Opperman.

George Faul, shortly after the firing upon Ft. Sumter, deserted the

printer's case in Chicago and enlisted in Co. D Tenth Illinois Cavalry. He was engaged in many of the big battles during that sanguinary conflict—more especially around Chattanooga and Nashville, Tenn., and at the siege of Vicksburg, Miss. In 1866 under Major General F. Steele his regiment was in the campaign of Arkansas, where he confederate bushwhackers were tearing up things in a harrassing way. At Little Rock was published the National Democrat, a sheet of pronounced copperhead leanings. The printers formerly employed upon the paper had deserted the office, some joining the union army, while others buckled on the armor of the opposition to do battle with their former shopmates. On May 5, 1864, General Steele commanded Assistant Adjutant General W. D. Green to assign Private George Faul for duty as a printer to assist in the publication of the National Democrat. Several other printers in General Steele's command were assigned as assistants to Comrade Faul. The true side of the sympathies of the proprietor, Dr. C. V. Meador, shortly afterward began to crop out in the editorial and news columns. But on June 2, 1864, General Steele removed Meador from the publication and placed Comrade Faul in control of the establishment. Faul, together with his editorial work on the paper, also printed all of the government job work for his general's command. Sept. 24, 1864, the Tenth Illinois Cavalry received marching orders. Comrade Faul and his assistants were sent back to his regiment and proceeded to Nashville and printers from the Second Iowa Cavalry were placed in charge of the National Democrat.

Comrade Faul has been a resident of Jacksonville since shortly after the big fire in Chicago in 1871. During his lifetime he has been frugal, and today in his ember days he takes life easy, worrying not a whit about where his next meal comes from, nor about room rent—he is comfortably well fixed in this world's goods.

Following is a copy of Major General Steele's order assigning Mr. Faul to duty in the Little Rock National Democrat:

Headquarters Depart. of Arkansas

Little Rock, Ark., May 8th, 1864.

Special Orders, No. 96.

The following named enlisted men are hereby detailed for temporary duty in the "National Democrat" printing office to assist the proprietor in doing Government work, and will report without delay to Dr. C. V. Meador, proprietor.

HISTORICAL SOCIETY HAS APPROVED CENTENNIAL PLANS

Resolution was Adopted In Springfield To This Effect—Dr. Garner Gave Insight Into Plans.

Springfield, Ill., May 7.—The Illinois State Historical society, at its annual meeting today, went on record as endorsing with enthusiasm the plans of the Illinois Centennial Commission for the celebration of the 160th anniversary of the admission of Illinois to statehood. Resolutions were unanimously adopted by the society, expressing approval of the commission's ideas for the celebration, tendering the support of the society in the celebration, and calling upon residents of the state generally to take an active interest in this important occasion.

Dr. James W. Garner, professor of political science at the University of Illinois and a member of the centennial commission, voiced the sentiments on the subject that were echoed by all the members of the State Historical society. "The appropriateness of celebrating in a fitting way such an event in the history of the state, I take it, few will deny," said Professor Garner. "The citizen who does not feel some pride in the history of our great commonwealth during the past one hundred years is a sorry creature indeed. From humble beginnings the commonwealth has advanced to the position of one of the most populous, wealthy and powerful states in the union. In geographical area, resources and population, it surpasses many independent nations of the world; among the states of the union few excel it in all that goes to make up an all round commonwealth.

"Its history has been crowded with stirring events of more than local interest, and it has produced a galaxy of statesmen, military leaders, scholars, inventors and captains of industry whose achievements in their several fields are a part of the history of the nation and in whose contributions to human progress the whole country cannot but feel a special pride.

"We should be untrue to the past if we allowed the natal year of our existence as a state to pass without a fitting celebration of our first century's progress. There may be a difference of opinion in regard to the form which the celebration should take, but there can be no difference of opinion that whatever is done it should be worthy of the state, and that all classes of persons and organizations should unite their efforts to make it a success."

Dr. Otto L. Schmidt, president of the State Historical society and Mrs. Jessie Palmer Weber, secretary of the society, are both members of the centennial commission, as well as Prof. Evans B. Greene, president of the board of trustees of the society. These three, together with Professor Garner, will work out a plan of cooperation between the historical so-

ciety and the centennial commission in the arrangements for the centennial celebration.

UNIVERSITIES IN DEBATE.

Princeton, N. J., May 7.—The freshmen debating teams of Yale, Harvard and Princeton universities are ready for their annual triangular debate tomorrow night. IMMIGRATION DISCUSSED.

Memphis, Tenn., May 7.—At the sessions of this, the second day of the meeting of the national conference of Jewish charities, the principal subjects of discussion were oriental immigration and the effects of the opening of the Panama canal on the distribution of immigrants in America. The meeting will conclude tomorrow afternoon with the election of officers.

The Dry Navy.

By WALT MASON.

John Barleycorn feels tired, by golly! They've fired Old Red Eye from the navy, and now the brave old salt will fill himself with cistern water when he goes forth to scenes of slaughter, and not depend on man. Our ships are cruising here and yonder, and wherever they may wander, in tempest, calm or fog, on gunboat, battleship and clipper the men will hit the old tin dipper, an never think of grog. The captain, commodore and purser all know that forty rod is worse than smallpox or the mumps, but custom kept the storehouse loaded with that old stuff that has corroded the works of countless chumps. The officers, a gent supposes, will all be joyous when their noses are bleached of crimson stains; they'll fight the country's battles better when fugs and bottles cease to fetter their faculties and brains. We're all swelled up about our navy, we all would take our Alfred Davy that it's the best yet born; and we'll be prouder now than ever since its determined it will sever the bonds of barleycorn. Old Booze, that thing in sin grown hoary, will never bring a country glory—"I will sooner bring eclipse; from admiral clear down to cornet, the naval officers should scorn it, and shoo it from the ships.

CONVENTION OF NEEDLEWORK GUILD.

Washington, May 7.—Many women of prominence filled the parlors of the Raleigh hotel today when the annual convention of the Needlework of America was called to order by the president, Mrs. Truman H. Newberry of Detroit. The guild was founded in 1885 and was patterned after the English society of the same name, of which Queen Mary, Queen Alexandra and other members of the royal family are active members. The American organization has a membership of thousands of women in all parts of the country. All that is required of a member is the contribution each year of two or more new garments or articles of household linen, which are distributed at the beginning of the winter to various charities and individuals. This simple requirement results each year in the distribution of more than half a million garments among the poor. Mrs. Levi P. Morton is the honorary president of the national organization, and Mrs. Woodrow Wilson is the honorary president of the District of Columbia branch.

TO CONSERVE SHELL FISHERIES

Atlantic City, N. J., May 7.—Uni-
form laws and plans for the con-
servation of the American shell fish in-
dustry are to be considered at the
annual conference of the National
Shell Fish Commissioners' associa-
tion, which met in this city today
for a three days' session. Included
in the attendance at the conference
are representatives of the depart-
ment of commerce at Washington,
and the fish commissioners of a
number of the states and several of
the provinces of Canada.

SOME OFF-SIDE CHUTES.

Eddie Lennox, who two years ago
was not "fast" enough for the
Cubs (?) and upon whom C. Webb
Murphy attached a can labeled
Louisville—Lennox jumping the
transfer—is the batting sensation of
the Federals thus far this season.
He is the home-run kid of the
"outlaws." Seldom does he get in-
to the game without clouting the
ball for the circuit, and on Wednes-
day, for Pittsburgh against Stovall's
crew at Kansas City, in five times
at bat he gathered two home runs,
a triple, a two base blow and one
single—a total of fourteen bases.
The Rebel always was a grand
guardian of the third corner, and
his fielding with the Feds is bril-
liant.

Dubuque has a tempermental
Johnny Evers who occasionally
works in the box. His name is
Jones, and on Wednesday held Quin-
cy to a 2-2 tie for twelve innings.
In the thirteenth, Quincy's first
baseman, Golvin, touched him for a
three bagger. When the ball was re-
turned to Jones he immediately em-
ulated the peppery ex-Cub, heaving
the ball out of the yard and allow-
ing Golvin to cross the plate with
the winning counter.

While his team of St. Louis Feds
were walking away from Knabe's
Terrapins on Wednesday, Miner
Brown weakened in the seventh,
when he was touched for two home
runs, a double and a single, netting
five runs and the game—8-7.

Rollie Zeider, who was traded to
New York with Babe Boston by the
White Sox for Hal Chase last sea-
son, has become one the Federal
league home run guys. In the game
against Buffalo, Tinker's Chieftens in
the fourth needed one run to tie the
game. In that session the sacks
were clogged when Zeider came to
bat. He clipped the ball for four
bases, sending three in ahead of
him, winning the game, although
his team gathered four more in the
next four rounds.

Tom Downey has replaced Morris
Rath, ex-Sox, at third base for
Theban's Blues. He now appears in
the box score as a pinch (?) hitter.

Buck O'Brien is developing signs
of a "comeback." He is now with
Indianapolis, working under direc-
tion of Jack Hendricks, who prac-
tically developed him while with
Denver in the Western league.

Are Your Glasses Becoming?

You don't want awkward "all eyeglasses" looking glasses.

We have made a study of facial characteristics, and select the size, style and shape of eyeglasses most becoming to the face of the wearer. There is a "knack and know how" about proper eyeglass fitting and adjusting, that we have long ago discovered.

With the glasses we make, you look well from either side.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCK MARKET IS DULL AND FLAT WITH NARROW MOVEMENTS

With Exception of Government Crop Report There is No News of Importance in the Market.

New York, May 7.—The narrow and variable movements of stocks today had little effect on the general level of prices. The market was as dull and flat as during yesterday's session and traders made no attempts to force it out of the groove in which it has traveled for several days.

Quotations moved alternately up and down, ending with small losses. London cables quoted lower prices for the international shares and reported selling in that market for Paris and New York.

With the exception of the government crop report there was no news of importance in relation to the financial markets.

The apathetic reception given to the crop figures indicated a degree of inertia which prevailed. Missouri Pacific was the conspicuously heavy stock on the late recession, yielding over two points.

The sale was announced of \$8,000,000 Chicago & Northwestern general mortgage 4's and it was expected that other large roads would soon enter the market for funds.

Slackness of the demand for money for commercial purposes was reflected in a further shading of loans for short terms.

WASHINGTON FIGURES COME TOO LATE TO EFFECT MARKET

Wheat Has Firmer Tone Greater Part of Day—Corn Market Weakens—Oats Follow Corn.

Chicago, May 7.—Well grounded notions that the government crop report might turn out more bearish than had recently been looked for, hindered today any decided advance in wheat. The Washington figures, however, indicating a harvest of 20,000,000 bushels more than trade estimates came too late to have a direct effect on the market. A few minutes before hand, prices had closed easy, 1/4c off to a like advance compared with last night. Corn showed a net decline of 1/4c to 3/4c; oats were 1/4c down to 1/4c up and provisions at 5c to 2 1/2c loss.

Wheat had a firm tone the greater part of the day. Europeans were buying futures here and word came from New York, Duluth and St. Louis that export demand was in evidence.

Although corn at first showed some firmness on account of early reports of unsettled conditions in Argentina the market afterward weakened. Later advices from Argentina told of fine weather. Besides cash demand here was slow and there were freer offerings from the country. Oats followed corn. Elevator concerns bought May and sold July; speculators did the reverse.

Selling by packers more than overcame an early advance in provisions. It was said that as soon as farmers completed their field work hog receipts here would be greatly enlarged.

PINKED RUCHINGS
USED TO EMBELLISH
GIRLISH LOOKING HATS.

The damsel who likes a hat that shades her eyes will be pleased with the style illustrated here. This is a smart Parisian model of green straw overlaid with satin in a darker shade of green. The pinked ruching and daintily poised pink rose are the sole trimmings.

Linen and Pongee Suits Are Now In Style

Consult us about the styles and material. We can please you in both and our workmanship. Wear clothes that give you an individuality.

FARMERS NOTICE

We Are Now Manufacturing Fertilizers For Soil

We have made a careful study of soil conditions and are now putting up an article which is considered the best on the market for INCREASED YIELD OF Corn or Oats. The same has the following analysis:

Bone phosphate 63.03 per cent.
Phosphoric acid 28.90 per cent.
Nitrogen2.53 per cent.
Ammonia3.07 per cent.

If you will carefully compare the analysis of our ROYAL BRAND BONE MEAL, you will find that the same is cheaper than the use of Rock Phosphate or any other fertilizers which are now on the market.

It only requires from 100 to 150 pounds of our BONE MEAL to an acre of soil, depending upon the condition of the soil. This will increase your yield of corn or oats from 10 to 20 bushels to the acre for the first year.

FREE ADVICE TO SICK WOMEN

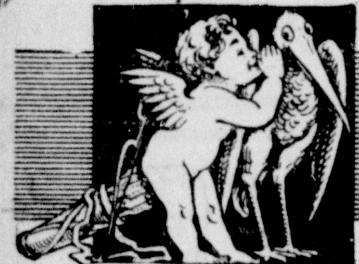

Thousands Have Been Helped
By Common Sense
Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons.

In thus bringing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly.

It is certainly a most helpful influence for its effect in avoiding all unnecessary pain, enabling the muscles to expand gently and to relax naturally when baby arrives. Strictly an external application it has no other effect than to ease the muscles, cords, tendons and ligaments involved hence is perfectly safe to use by all women. It is used very successfully to prevent caking of breasts.

"Mother's Friend" is prepared in the laboratory of Bradfield Regulator Co., 504 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

NEW APPOINTMENTS AT ILLINOIS COLLEGE

MISS MARY W. PRICE SUCCEEDS
MRS. GARRISON.

Miss Hazel Brown Appointed an
Assistant in Violin—Miss Alice
Phillips Secures Newly Created
Position.

At a recent meeting of the faculty committee of the board of trustees of Illinois college several appointments for next year were made. The committee received the resignation of Mrs. Jannette S. Garrison, head of Academy Hall. Mrs. Garrison will be obliged to give up her work at the end of the present school year on account of ill health. The Hall has been conducted with great success during the three years that she has been in charge. Mrs. Garrison has always commanded the respect and affection of the girls, and has made the Hall the ideal home which it is intended to be. The trustees would have been glad to retain her at the head of the Hall if she had been willing to remain.

Miss Mary W. Price has been appointed to succeed Mrs. Garrison. Miss Price is well known in Jacksonville, for she was brought up in the city and attended the academy for a time. Miss Price has had several years experience in work similar to that involved in the position in Academy Hall. She was for several years manager of the household at Monticello Seminary. For four years she held a similar position at the Chicago Commons, and for part of the time acted as private secretary to Dr. Graham Taylor. Miss Price will assume her duties at Academy Hall next August. The trustees deem themselves fortunate in securing as the successor of Mrs. Garrison, a woman of such training and experience. Upon the recommendation of Director Kitch and President Rammelekamp, Miss Hazel Brown was appointed as assistant in violin. Miss Brown is a graduate of the Conservatory and has for several years been teaching violin at Wells College, Aurora, New York. She will take the position now held by Miss Nathalia Jensen, who, having completed her work at the Conservatory, is planning to take a position in another school. Miss Jensen has done unusually well both as a student and a teacher in the Conservatory and the trustees would be glad to retain her services, if she cared to remain.

Miss Alice Phillips was appointed instructor in sight singing and ear training, a new position recently created on the conservatory faculty. Miss Marguerite Butler was appointed accompanist and studio coach in the vocal department.

AUTOMOBILE NOTES.

Barr Brown of Brown's Crossing was in the city yesterday looking after his Oldsmobile which was damaged in the accident he had recently.

Herchel Shibe of the north part of the county came to the city yesterday in his Crow car.

Mr. and Mrs. David Estaque went to Springfield yesterday in a McFarlan 6 to attend the funeral of George Wonn.

C. N. Priest recently sold Geo. Northrup, T. B. Smithson and T. B. Martin, all of Winchester, each a Ford car.

Oscar Petefish and family were down to the city yesterday from Litchberry in their Interstate car.

Harvey Scott of the west part of the county came to town yesterday in his Mitchell 6 car.

Mr. and Mrs. Edward Landreth of Lynnville drove to the city yesterday on business in their Ford car.

Mr. and Mrs. S. E. Davis of the north part of the county visited the city yesterday in their automobile.

T. R. Mathews and family drove up to the city yesterday from Chapin in their Reo car.

CONCORD.

Miss Sarah Delrich had a house party at the beautiful suburban home of her parents, Mr. and Mrs. George Delrich.

Miss Elizabeth Patterson called on the Caldwell family Monday while returning from a business trip to Chapin.

This community was again depleted by the death of one of our substantial citizens, Mr. Louis Yeck, who will be sadly missed among the many relatives and friends, of which he had a host. The funeral was held Friday afternoon, a brief service being held at the house at 2 p. m. and from the M. E. church at 2:30 p. m. The esteem in which he and his family were held was attested by the vast concourse of people who overflowed the church, many remaining upon the lawn. Rev. Mr. Harris read the 90th Psalm. Rev. Mr. Cain offered a fervent prayer and appropriate hymns were sung by a choir composed of Mrs. L. Baylis and Mrs. George Lewis, Miss Anna Roach, Messrs. Roy Abernathy, Charles Baylis, Spencer Smith, George Lewis and Ernest Sanders. Miss Alma Deterding presiding at the piano. Rev. Mr. Floreth, the pastor, delivered the discourse and lessons from the long life of the departed and offered consolation to the bereaved. At the conclusion of the impressive services the remains were tenderly borne to their last resting place in Concord's beautiful city of the dead, the bearers being Messrs. W. C. Brockhouse, George Brown, John Ratliff, Milton Ham, James A. Smith and Ora Ham.

F. P. McKinney of Chapin was in Concord Monday between trains. He

expects his son, Dr. Stewart McKinney, who was surgeon in the Rumanian war and who has since been studying in Berlin, home in June or July. Dr. McKinney has been privileged to visit many places of interest and acquire a store of knowledge which will be helpful to him in his profession.

Mrs. McClure visited her friends, Mr. and Mrs. George Lewis, Saturday afternoon.

Mrs. Belle Goodpasture spent Saturday in Jacksonville with her parents on Edgmon street.

Misses Thesle, Webster, Edith McDermick, Lucile Ball and Mrs. James Silcox attended the meet at Jacksonville Friday.

Hon. Henry Higgins of Winchester was in Concord Saturday, returning from a visit to Jacksonville.

The many friends of John Mick will be pained to hear of his serious illness at Pasavant hospital, where he was operated upon Monday morning for acute appendicitis. All join in wishing for him a speedy recovery. Hugh Filson and family visited his parents over Sunday.

Rally day was appropriately observed by all three of the churches here, the M. P. being beautifully decorated with potted plants and cut flowers, which were there in great profusion.

TO WELCOME GOVERNOR.

Woodstock, Ont., May 7.—Woodstock is putting on holiday attire in anticipation of the visit to be made here tomorrow by the Duke of Connaught, governor-general of the dominion. His royal highness will be accompanied by the Duchess of Connaught and Princess Patricia. Elaborate preparations are being made for the reception and entertainment of the royal visitors.

Spring Opening Announcement and Showing of a Famous New Line of Stoves and Washing Machines

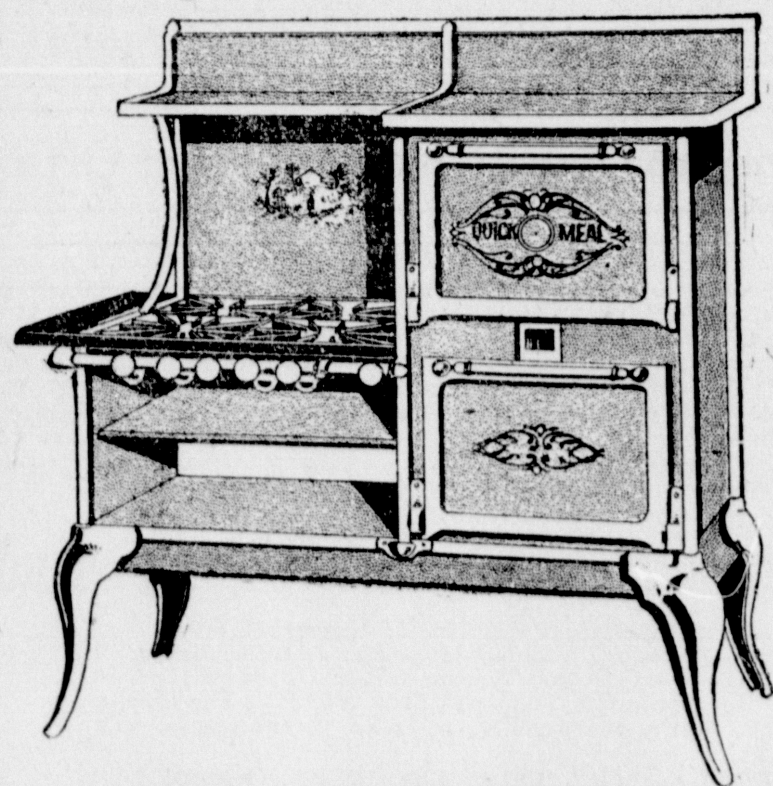

FISH LUNCHEON TODAY

Beginning this afternoon at 2 o'clock, Mrs. Minish will discuss the cooking of fish, showing how well adapted the gas range is for preparing sea-food in the most delicious ways. She will tell how to make the side dishes too, and a fish luncheon will be served.

COME TODAY SURE

From this Date to May 9, Inclusive

We are going to introduce in Jacksonville a new line of hot weather goods—stoves and washing machines, and have made arrangements with the factories to send representatives of experience and ability to be with us during the demonstration and introduction. We extend a cordial invitation to the public to visit our salesroom during the period mentioned. We are confident that the things we will show will be found most interesting and practical. Mrs. Elizabeth Minish, head instructor for the Laclede Gas Company of St. Louis, will demonstrate the efficiency of this latest type of range.

ABSOLUTELY BEST OPPORTUNITY OF THE SEASON

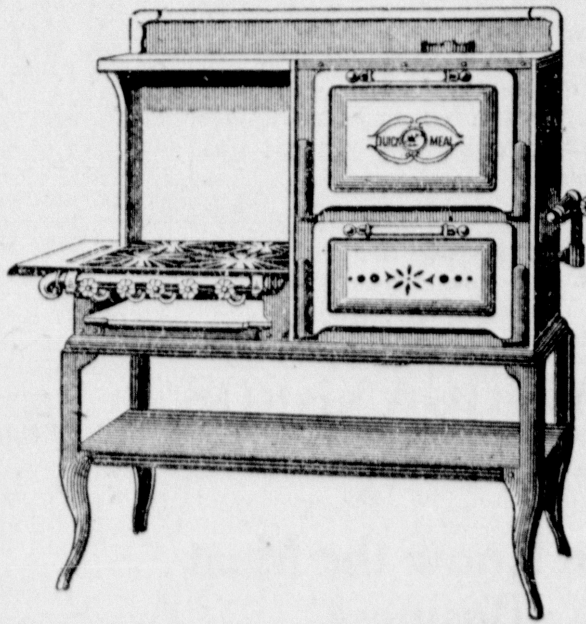

A Very Special Offer

At any time during the days mentioned above we will take back your old low oven stove and allow you \$5 on the purchase of a Cabinet Range. This is positively the only time that this offer will be made this year.

A Cabinet Range to be Given Away

To each adult person visiting us during this demonstration we will give a ticket that will entitle the holder to a chance on this magnificent \$34 Cabinet Range. It is a beauty, glass doors and enamel parts.

See This Gift Stove in
Our Window

Of particular interest will be a demonstration of the famous Thor Washer, one of the greatest household devices brought out in recent years—a time, labor and expense saver.

We also take pleasure in announcing at this time a further cut in Mazda Tungsten Lamps, which will bring these lamps within the reach of all.

BAER WILL FILED.
Reading, Pa., May 6.—The will of
George Baer, late president of the
Philadelphia & Reading railway com-
pany was filed here today. The es-
tate was bequeathed to his widow,
five daughters and several grand-
children. The latter will receive
\$10,000 each. A few servants were
also remembered. There were no
public bequests.

The value of the estate is variously
estimated at from \$5,000,000 to
\$15,000,000.

ROUT DECLARED OFF.
Racine, Wis., May 6.—The sched-
uled ten round boxing contest be-
tween Joe Mandot and Johnny
Griffith was declared off here to-
night because of the illness of re-
cipients. The promoters offered a
reduced purse to the fighters but
Mandot refused to go on.

PLAGUE APPEARS.
Bogota, Colombia, May 6.—Ac-
cording to reports received in Bogota
today, the bubonic plague has made
its appearance on the Atlantic coast
of Colombia. The government at
once began taking active protection
measures. It has not been deemed
necessary to suspend travel or the
movement of freight.

REJECTS SUFFRAGE BILL.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently,—does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the bottom, and the entire suit looks old and disreputable.

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently.

Putting on the Fat

Out on my farm I am giving a practical demonstration of what can be accomplished with the Wood's Grain Softener.

There are 43 cattle in the bunch. Each steer is getting a peck of corn daily. It is ground, cob and all and then cooked. In addition to the corn, each steer gets about nine pounds of clover hay a day and straw is near them all the time. A man with long experience, who has been watching these cattle, says they are putting on three to four pounds a day. They are sure making good money and the reason is that corn prepared in my cooker has far more nutriment value than fed in the ordinary way. Come and see these cattle.

CHAS. WOOD, Jacksonville, R. R.

The Feed That Will Bring Results

We use care in selecting the feed we sell and when you buy corn, oats, hay or other grain here you know it is of the best quality. Good feed costs no more than the other kind yet there is a lot of difference in the results. Try Alafala Meal if you want to have stock look slick and clean.

Horses sell highest in early spring. There's a reason. Seed wheat sells highest in early autumn. There's a reason. We can buy horses cheaper in mid-summer. There's a reason. When would you expect to buy a farm cheapest? Surely when there are fewest buyers in the market.

Our prospective buyers say they are too busy now to go to see land. Better go now—likely to get a real bargain that will pay you amply for your time. Go when everybody else is too busy, and have things your own way. Buy it now, and collect the rent for this year.

Prospective buyers should list their orders with us for a farm—now. Let us find what you want while you go on with your work. That is a part of our business. Then go NOW to see it.

There are sometimes most agreeable surprises in store for purchasers of land this season.

Land in Illinois, Missouri, Dakota, New Mexico, Texas, California and Kansas. Let us tell you about it.

BUCKHORN NEIGHBORHOOD HAS SOME FINE FARMS

Thomas Simpkins Keeps Land in Fine Producing Condition.—Believes in Feeding Both Cattle and Hogs.

One of the most attractive parts of Morgan county is Buckhorn, seven miles south east of the city. It is diversified with hills and valleys, forest and prairie and is beautiful and attractive while to the eye of the utilitarian it is also pleasant for the rough land makes fine pasture and the level land is splendid for crops of all kinds.

A Journal reporter visited that neighborhood Thursday and first called at the home of William Tarzwell, but the gentleman was not at home. Next the reporter went to the residence of Jerry Flynn who has some 300 acres of good, Morgan county land, but he was away too working on a farm he has rented a distance east of his home. Mr. Flynn has eight children at home and one married. The boys are large enough to work, and so he has plenty of land for there are no idlers in his home.

From the Flynn residence the writer turned his steps toward the home of George Simpkins one of the solid men of the county. Mr. Simpkins is now alone in years and since the death of his wife has lived with his son and family who are occupying the home place.

Ever since the accident which cost Mr. Simpkins a broken ankle he has been able to do but little yet he is strong mentally and takes as much interest as ever in all kinds of affairs.

For fifty-one years he has lived on the farm he now occupies and he will doubtless end his days there for surely he can have no reason to change his residence.

He has 287 acres and his house is set back a ways from the road while between it and the highway is a beautiful grove of natural trees and occupying some 34 acres. The remainder of his farm is mostly prairie and he takes good care of it.

For a good many years Mr. Simpkins used to plant a great deal of corn and other crops but he finds help so scarce that he now cultivates only what his own family can care for and has about two hundred acres in grass and on these he feeds cattle. He buys his feeders almost entirely in Chicago and St. Louis as freights are less than from Kansas City, and he thinks he can do as well at these places as in the metropolis of Western Missouri. He generally buys three year olds and in March and generally at a time when they can live on the grass as he finds it doesn't pay to buy cattle and then buy corn to feed them.

Although he cannot make such high priced cattle with grass alone as he could with some corn he still can get them fat enough to get a market and so can manage his pasture with little work. In buying his steers he doesn't pay very much attention to breed but selects well formed and promising animals and generally succeeds in getting them ready to market though last year the excessively dry weather caused him to ship cattle before they were fat as grass and water both failed. This was of course unusual.

For stock water he has three dams in various parts of the farm and these generally supply all the water needed. Showing the freaks of water, he has at his house a well forty feet deep which goes dry sometimes while a few rods away at the barn is a well twenty feet deep which is practically unfailling.

He pays little attention to raising calves but prefers to go to the market and buy his feeders though he feels they are high now with small margin between the feeders and the fat stock. He has not tried a silo for fear it would be too hard and expensive to get the crop out and into the silo though thinks it might pay under favorable circumstances. He apologized for the condition of his five miles of hedge saying it was not at all according to his liking but help was so scarce he was unable to get the trimming done.

Mr. Simpkins doesn't think much of wheat and rarely sows it. For corn he first discs the ground with plenty of horse power and then follows with the plow. After this he drags the ground with a four horse drag and plants just as soon as possible while the ground is moist. He cultivates with the ordinary two horse cultivator but thinks well of long cultivation with one horse after the corn is too high for the double shovel or cultivator.

He uses clover for improving his land and gets the start with oats. He sows his oats and harrows the ground twice. Then on the soft ground he sows his clover seed and runs over it with a roller which gives him the best results and he seldom failed to get a stand unless the season is very dry.

He has no especial favorite kind of corn selecting that which is sound and grades well.

By careful management and intelligent cultivation Mr. Simpkins has made a success and is now enjoying the fruits of his labors.

BEAVERS MEET IN ATLANTA.

Atlanta, Ga., May 7.—Many visitors are arriving in Atlanta for the annual national convention of the Independent Order of Beavers. The convention will open tomorrow and continue in session over Saturday. Though one of the youngest of the fraternal organizations, the Beavers have had a rapid growth in membership and the convention of the supreme body will be attended by delegates from many states.

TAKE SODA FOR SOURNESS, GAS OR INDIGESTION

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning there is an excess of hydro-chloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, gas, gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

To get instant relief he tells us to get a package of 10 grain Sodagen tablets at any pharmacy and take one or two tablets anytime, followed by a tumbler of water which promptly neutralizes this irritating acid; stops fermentation; absorbs the gases and sweetens the entire digestive system.

A local down-town druggist states that these 10 grain Sodagen tablets are an old favorite antacid constantly prescribed because of their harmlessness, being simply a compound of Soda, Calcium Carbonate and Magnesia U. S. P.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

MENTAL DEFECTS RESPONSIBLE

St. Louis, May 6.—"Children's aid societies should give closer attention to mental defects of children," Hastings H. Hart of New York said in an address before the National Children's Home society here today. He said that a large percentage of the children in reform schools are mentally defective. Rev. J. P. Dysart, Milwaukee, Wis., elected president.

MCUE AND TILMAN TO MEET.—Milwaukee, May 7.—The management of Elite Rink club of this city has arranged a promising card for

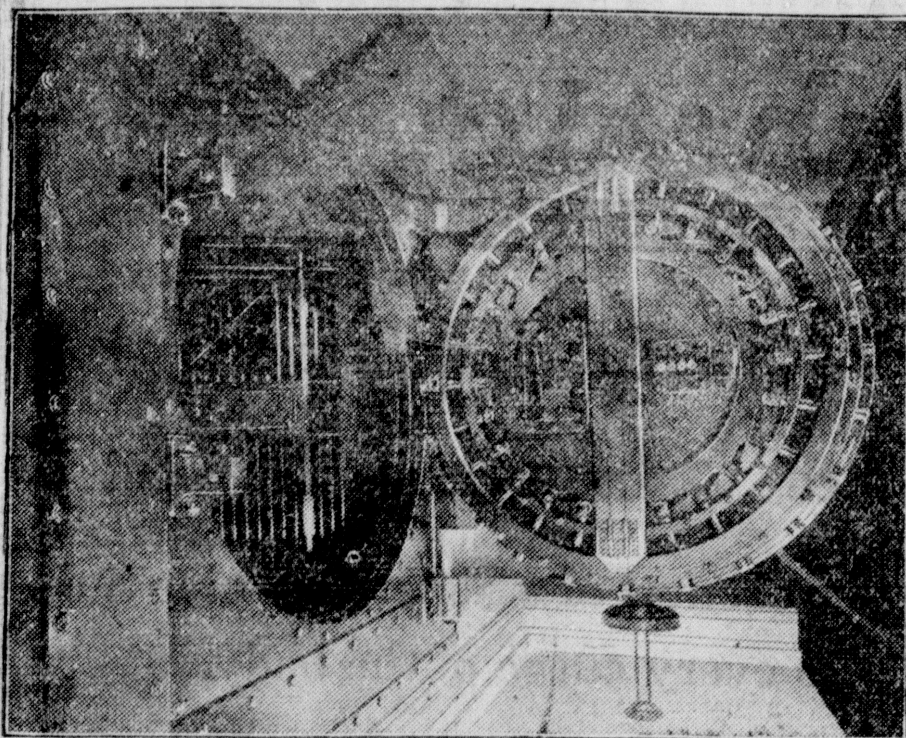

its boxing show next Saturday night. The main event of the evening will bring together Johnny Tillman, who recently scored a victory over Ad Wolgast, and Matty McCue, the Chicago lightweight. The articles call of a 10-round contest.

Heavy Dull Feeling—Swollen Hands and Feet Due to Kidney Trouble. Your kidneys need help when your hands and feet thicken—swell up—and you feel dull and sluggish. Swollen joints, rheumatic twinges, puffy eye lids and ankles are just so

many calls for help from overworked and sluggish kidneys. It does beat all the way kidney trouble makes you feel mean and sick all over your body. No energy—no ambition—just tired out, dull and weary. STATE HISTORICAL SOCIETY IN FIFTEENTH ANNUAL SESSION

Andrew Russel and Dr. Rammelkamp Will Attend Meeting Today
—Thursday's Program of Special Interest to Methodists.

Andrew Russel and Dr. C. H. Rammelkamp will go to Springfield this morning to attend session of the Illinois State Historical society. Both are directors of the society and have for a number of years taken an active interest in its affairs.

The fifteenth annual meeting of the society convened Thursday morning in the senate chamber of the state house.

The opening address by Prof. W. W. Sweet of DePauw University, Greencastle, Ind., was of especial interest to Methodists and a large number of members of this denomination were in attendance.

M. E. Church History.
"The Methodist Church and Reconstruction," was the topic followed by Prof. Sweet and he not only dwelt on the early history of Methodism but also took up that interesting phase of the church's history, the part it played in the rebuilding of the nation following the civil war.

Captain J. H. Burnham of Bloomington, one of the directors and founders of the Historical society, related the story of the destruction of the old city of Kaskaskia by the Mississippi river. The story of the devastated little city thrilled hearers at the meeting this morning.

One of the most interesting features of the entire meeting especially to local people was the paper given this afternoon by Henry A. Converse of Springfield, who spoke on the life of the late United States Senator Cullom.

Mr. Converse was one of the younger men who was intimately associated with Senator Cullom and his respect and admiration for one of the most interesting figures of the nation, coupled with a complete account of some of the striking incidents in Senator Cullom's life, made his address of great value.

John H. Hauberg of Rock Island gave an address in the afternoon, speaking on "In the Home of Black Hawk." Having been a native of Rock Island around which cluster all the memories of Black Hawk, Mr. Hauberg was able to give a most interesting talk. In connection with this, Mrs. Mary Ridpath Mann, daughter of the great historian spoke on Little Turtle, the celebrated Miami Indian chief.

Last night many school children of Springfield attended. Prof. J. A. James of Northwestern university at Evanston and director of the society, gave an address on the Illinois state park system. Professor James told the story of the preservation of some of the beautiful and historic spots of Illinois.

Friday Morning, 9:00 O'clock.
Director's meeting in the office of the secretary.

10:00 O'clock in Senate Chamber.
Business meeting of the society. Report of officers. Reports of committees. Miscellaneous business.

Election of officers.
Address: The Williamson County Vendetta—Hon. Geo. W. Young, Marion, Ill.

Address: The Yates Phalanx. The 39th Ills. Vols. Infantry—W. H. Jenkins, Pontiac, Ill.

Friday Afternoon.
General Topic: An account of the Great Whig Meeting Held at Springfield, June 3-4, 1840. With music of the campaign.

Address: Representation at the Convention from Northern Illinois—Edith P. Kelly, Bloomington, Ill.
Address: Southern Illinois and Neighboring States at the Convention—Mrs. Martha McNeil Davidson, Greenville, Ill.

Address: The Young Men's Convention and Old Soldiers' Meeting at Springfield, June 3-4, 1840—Mrs. Isabel Jamison, Springfield, Ill.

Friday Evening, 8:00 O'clock.
Quartette—Illinois.

Annual Address: Early Courts of Chicago and Cook County—Judge O. N. Carter, Chicago.

INSURGENT M. W. A'S.

Alfred Glossup and T. J. Bronson have returned from Rock Island where they have been attending the state meeting of the Modern Woodmen. Mr. Bronson was chosen a delegate to the national convention to meet at Toledo. Both gentlemen are insurgents of the insurgents and declare they will eventually win out. Mr. Glossup says the proposed rate increases were simply intended to freeze out the elderly members and get the money which has been accumulated. He says his rate on \$2000 was changed a few years ago from 99 cents to \$1.50 a month on a \$1000 insurance, but this the management wanted to double making him pay \$36.00 on \$1000, at an age of a few years less than fifty. An injunction stopped it and the result of the national meeting is to be seen.

PERSONAL TAX NOTICE.

All personal tax is past due and must be paid at once to avoid considerable trouble and extra expense.

W. B. Rogers,
Sheriff and Ex-officio Collector of Morgan County.

FROM INDIA.

Rev. Henry Fairbank and wife, missionaries in India, have arrived in the city and will be the guests of relatives for a few days. Mr. Fairbank is the son of the eminent Rev. Samuel Fairbank, whose life was largely spent in India and who attained such distinction both in religious and scientific circles. A fine government position was offered him on account of his wonderful knowledge of Botany but he chose to serve his Heavenly Master rather than the ruler of Great Britain.

SHOWMAN OF QUARTER CENTURY DIES AT INDEPENDENCE, KAN.

George Corcoran Passes Away at Home Thursday Morning—Born and Reared in City and Well Known as Telegraph Operator and Circus Man.

J. L. Pine of the Western Union received a telegram at noon Tuesday announcing the death of George Corcoran, a former Jacksonville resident and a veteran showman. Mr. Corcoran passed away at 8 o'clock Thursday morning at Independence, Kansas. The particulars of his death are not known. He was the son of Mr. and Mrs. W. H. Corcoran and was born in the city about forty-five years ago. He was a telegraph operator and was for twenty-five years in the circus business.

Mr. Corcoran was first with Walter L. Main's circus and later with Sells Bros., and then with Ringling Bros. He served in many capacities and was conversant with every feature of the show business. While with Walter L. Main's circus he passed through a serious wreck which took place near Tyrone, Pa., in 1893. A number were killed in this wreck, although Mr. Corcoran was unhurt. On leaving circus life he came back to Jacksonville and was connected with a carriage business here and also with the Grand Opera house. Five or six years ago he moved to Independence, Kan., and opened up a cigar store and billiard room near the Santa Fe station.

Mr. Corcoran leaves a wife and a brother, H. Oliver Corcoran of Des Moines, Ia. Although no definite funeral arrangements have been announced it is probable that his remains will be brought to the city and buried beside those of his father and mother.

MORTUARY

Phelps.

Clarence Phelps of this city received a telegram Thursday evening announcing the death of his brother, Jesse Phelps of Beardstown, who was injured April 25 in a motor-dome accident at Newport News, Va. His parents, Mr. and Mrs. T. C. Phelps were at his bedside when death came. Young Phelps had been engaged in motorcycle racing in the east and was filling an engagement in Newport News when the accident occurred. The telegram stated that Mr. and Mrs. Phelps would start back with their son's body at 5:36 o'clock Friday evening. Jesse Phelps was 17 years old and was well known in this city. He leaves besides his parents, three brothers, Otto, Oliver and Clarence Phelps and two sisters, Helen and Gerneda. He was a member of the Methodist church.

INQUEST HELD OVER REMAINS OF MRS. EMMETT M'BRATNEY

Dr. D. T. Hochdoerfer Autopsy Physician Testified That Woman Had Taken Carbolic Acid.

An inquest was held in St. Louis yesterday over the remains of Mrs. McBratney, wife of Dr. Emmett McBratney, of St. Louis, who was well known here, being a graduate of Illinois college of the class of 1897. He formerly lived at Griggsville. Dr. D. T. Hochdoerfer, autopsy physician gave testimony that the woman had drunk carbolic acid. Besides the husband, Dr. Edward Richter, also testified.

Mrs. McBratney was found dead Tuesday in a bath room of a vacant flat beneath her home. It is believed that she took the medicine by mistake.

The funeral was held yesterday at 2 o'clock from the residence of her parents, Mr. and Mrs. Herman Baur, 3026 Soledad avenue and was buried in Bethel cemetery.

STUDENTS OF MISS WILSON HEARD IN OPERETTA

Sixteen Young Ladies Present "The Japanese Girl" in a Gratifying Manner.

Last evening in Recital Hall, at the Conservatory, a short operetta was given by sixteen young ladies, students under Mrs. Genevieve Clark Wilson. This little work, entitled "The Japanese Girl", the music by Charles Vincent, is in two acts, and is scored for women's voices. The songs and choruses, while making no pretence at Japanese coloring, are very tuneful and pleasing, and were sung with enthusiasm an spirit by all the members of the cast.

The solo parts were in the hands of Rebecca Scheibel, Flossie Cox, Lucile Fox, Bessie Smith, Alice Phillips and Esther Spoons, a duet being sung by Sallie Harton and Dorothy Worthington. Each one did her part in a way that showed thorough training, the enunciation of all being particularly good, and the faithfulness to pitch very noticeable. The chorus sang with excellent tone quality and vigorous rhythm, while a dance done by six of the young ladies between the vocal numbers was as charming as it was short. The whole work passed off with praiseworthy smoothness and freedom from hitches. The accompaniments of Miss Marguerite Butler were excellent, as usual, the piano parts supporting and holding together the ensemble parts in a gratifying manner.

Following is the program:

The following were the characters:
O Hanu San, (beautiful flower) a Japanese girl of position—Rebecca Scheibel.
O Kiku San, (sweet chrysanthemum)—Flossie Cox.
O Kayo San, (tears of bliss)—Lucile Fox.

Her Cousins

Chaya, (tea server) her servant—Bessie Smith.
Nora Twinn—Dorothy Worthington.
Dora Twinn—Sallie Harton.
(American young ladies traveling with governess).

Miss Minerva Knowall, governess—Alice Phillips.

Students taking part in the operetta were as follows:
Gladys Andre, Flossie Cox, Helen Craig, Vincent Cromwell, Mary Daniels, Lucile Fox, Mrs. Julian Hall, Sallie Harton, Ernest Kimbel, Ruth Miller, Alice Phillips, Winifred Priest, Rebecca Scheibel, Bessie Smith, Esther Spoons, Dorothy Worthington, and Marguerite Butler, the latter as accompanist.

GRACE EPWORTH LEAGUE ELECTION OF OFFICERS.

At a meeting of the Epworth League of Grace M. E. church Thursday evening officers were elected and plans were discussed for the Epworth Silver Jubilee celebration May 17, when the Grace church evening service will be in charge of the young people. The new officers will be installed at this time and an interesting program is in course of preparation. The officers elected are: President, Paul Fritchey; 1st vice president, Miss Alice Wadsworth; 2nd vice president, Paul Morrison; 3d vice president, Miss Helen Shuff; 4th vice president, Dr. Applebee; secretary, Harlan Williamson; assistant secretary, Layton McGhee; treasurer, Charles Peak; assistant treasurer, Miss Jess Wharton; pianist, Miss Helen Struck; assistant pianist, Miss Marie Miller. The presiding officer Thursday evening was Paul Morrison, the retiring president.

PARK BOARD MEETING.

At a meeting of the park board last evening the board authorized the chauntauqua association to hold the summer meeting in Nichols park, this year, details to be arranged later.

It was decided to set out plants and flowers in Nichols and Duncan parks as soon as practicable and as far as means will go. Later it is the intention to plant some shrubbery in central park.

The railing for the new bridge at Nichols park is completed and is a creditable piece of work. It will be a substantial guard and ornamental as well. Suitable lights will be placed on it.

Flights are to be placed at the entrance to the first ward playground and in the grounds also and a custodian secured as soon as practicable.

ILLINOIS WILL MEET MILLIKIN

DUAL TRACK EVENT HERE ON SATURDAY, MAY 16.

Millikin Looms Up Strong But Illinois Men Are Hard at Work and Will Put Up Big Fight For Honors—Illinois Entries.

The students at Illinois college are looking forward to the Dual track meet, which will be held Saturday, May 16th, on Illinois college field, with Millikin university as an opponent. Illinois has always been a worthy foe of Millikin in track work but this year may prove the opposite. Illinois has a number of good men and especially in the dashes is she strong. Tension is strong on the dashes and holds the Inter Collegiate record for the 220 yard dash. He is almost certain for the 100 yard dash. Then in the hammer throw Millikin has Dickerson, who won that event in the state meet. Millikin has a meet soon with Normal, when it will be possible to get a line on Millikin's strength.

Coch Harmon has had his men in hard daily practice and is going to have his men in the pink of condition for the event. Illinois track was never in a better condition and with a fair day some track records should be broken.

Illinois men in the various events will probably be:
100 yard dash—Stewart, Smith.
220 yard dash—Stewart, Smith.
440 yard run—Wilson, Alford, Stewart, Whisler.
1 mile run—Young, Sooy.
880 yard run—Wilson, Alford and Young.
High hurdles—Frisbie and Morrison.
Low hurdles—Frisbie and Smith.
Running high jump—Morrison and Day.
Running broad jump—Young and Smith.
Discus throw—Urbaine, Frisbie.
Shot put—Urbaine and Frisbie.
Hammer throw—Mitchell, Alford.
1 mile relay race—Wilson, Alford, Stewart, Young, Whisler.
